PROFILE SUMMARY

BCA graduate (2025) with a strong understanding of Java and Object-Oriented Programming. Currently pursuing a Full-Stack Java development course to gain practical knowledge of building real-world applications. I have been practicing problem-solving, which has improved my logical thinking and coding approach. I am eager to start my career in the IT industry where I can learn, contribute, and grow.

KEY SKILLS

- **Programming Languages-** Java, JavaScript
- **Frontend language-** html, CSS, React.js, Redux
- **Database– My**SQL, SQL
- **Concepts**- OOPs, DSA, SDLC
- **Tools**- VS Code, Git, GitHub
- **Other Skills:** Debugging, Problem-Solving, Analytical Thinking, Teamwork

PROJECT

Joke Generator Web Application

- Developed a dynamic web application that fetches real-time jokes using public APIs.
- Implemented Fetch API with async/await for asynchronous data handling.
- Designed interactive UI with DOM manipulation and event handling.
- Added error handling and loading states to improve user experience.
- Tech Stack: HTML, CSS, JavaScript
- URL: jokes-app-phi.vercel.app/

Weather Application

- Built a responsive weather application that retrieves real-time weather data based on user input.
- Integrated OpenWeatherMap API for live data fetching.
- Implemented dynamic UI updates and input-based search functionality.
- Structured API calls efficiently using asynchronous programming.
- Tech Stack: HTML, CSS, JavaScript
- URL: weather-app-psi-ten-37.vercel.app/

EDUCATIONAL

Dayanand college of commerce sr. Latur Aug. 2022 – July 2025

Bachelor of Computer Application | CGPA: 8.51 Latur, Maharashtra

Courses: Data Structures, Object Oriented Programming.

CERTIFICATION

upGrad Education, Pune Dec. 2025 - pursuing

Advanced Full Stack Java Developer Certification

SOFT SKILLS

- Strong problem-solving mindset
- Quick learner with adaptability
- Good communication and teamwork skills
- Consistent focus on improving coding skills
